Assembly Instructions  
&  
Ideas for Use

1. Print the templates onto a card stock durable enough to be handled by your students.

2. Or you can choose to print on white stock so your students can color.

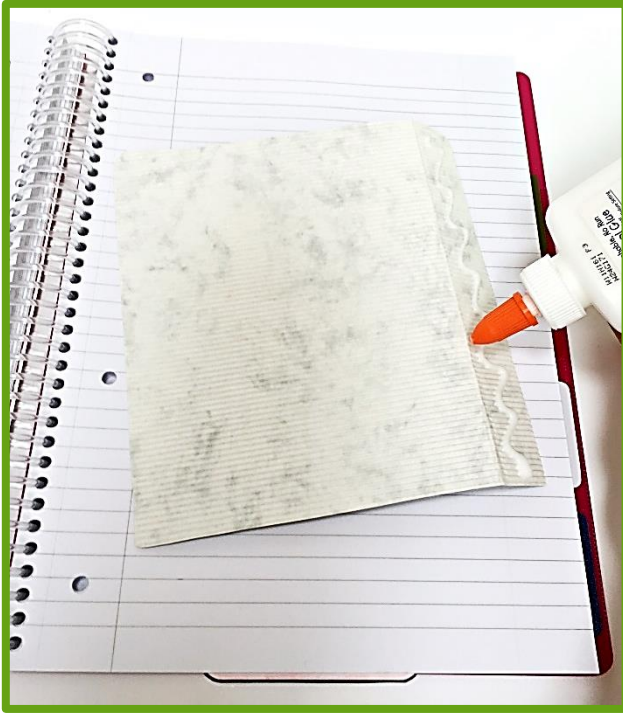

3. Select a goal and cut out your template & target grid.

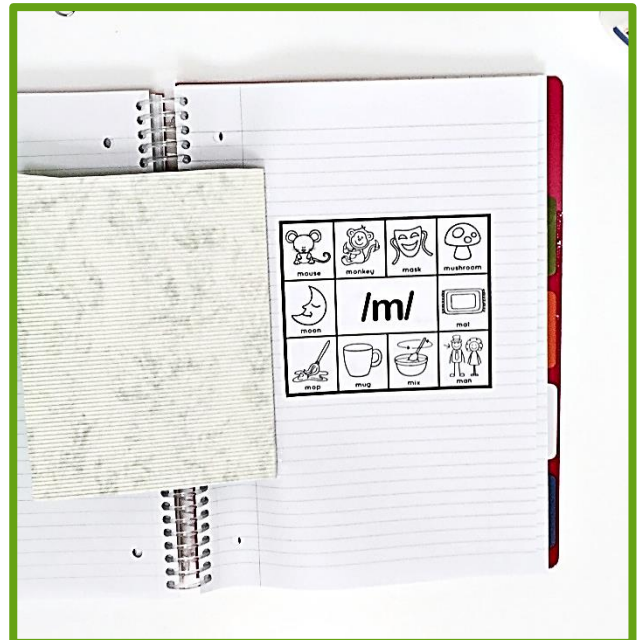

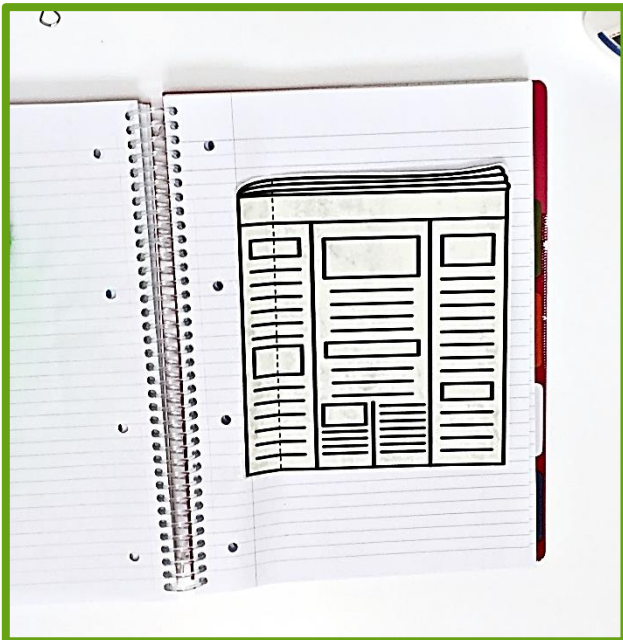

4. Fold along the dotted line.

5. Apply glue to your template as indicated on each worksheet.

6. Align the target grid so it will be hidden when the flap is closed and fasten with glue.

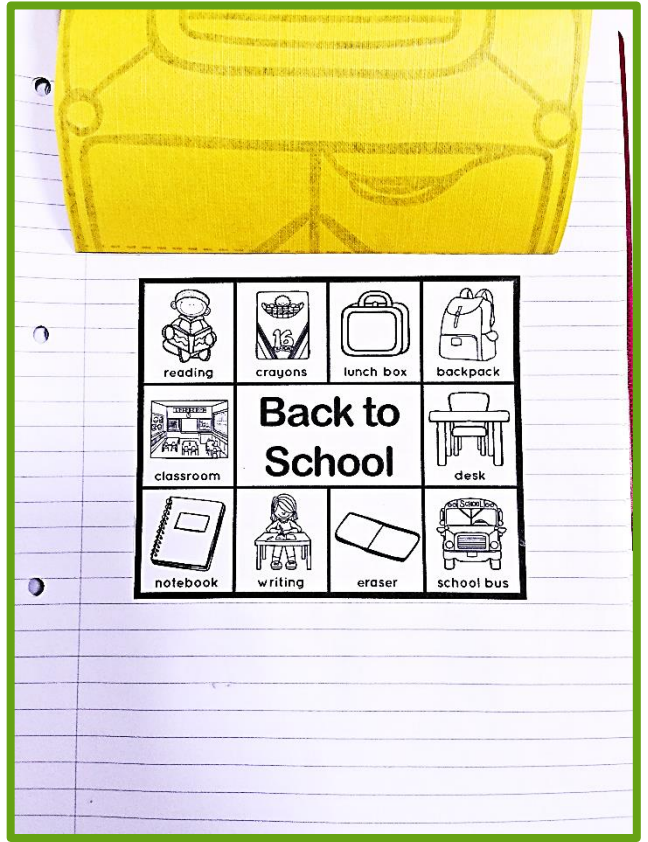

Now that your page is assembled, you're ready to start practicing!

Each target grid is available in both color & blackline versions.

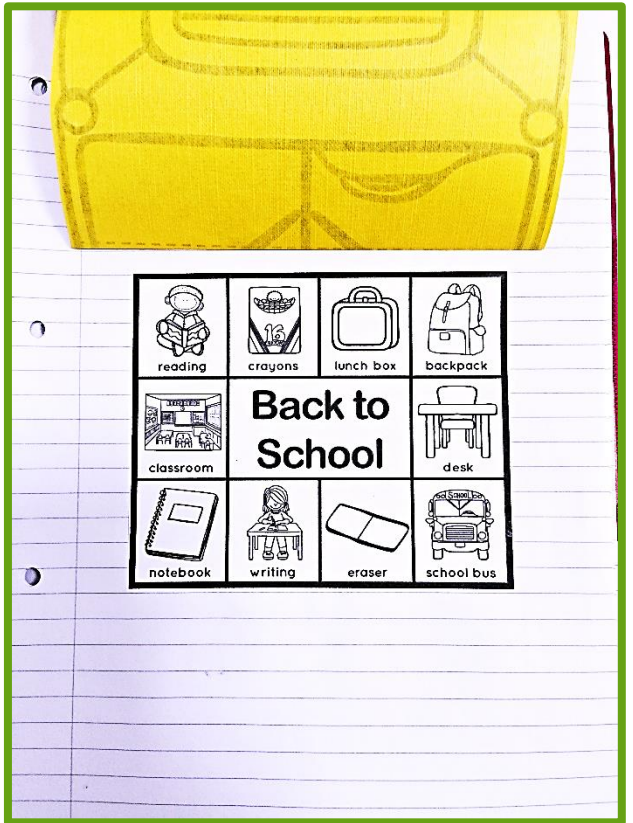

Use the blackline version to entertain early finishers. Or you can send them home for extra practice.

Build your own "master" notebook with the color grids or use them with students who don't care to color.

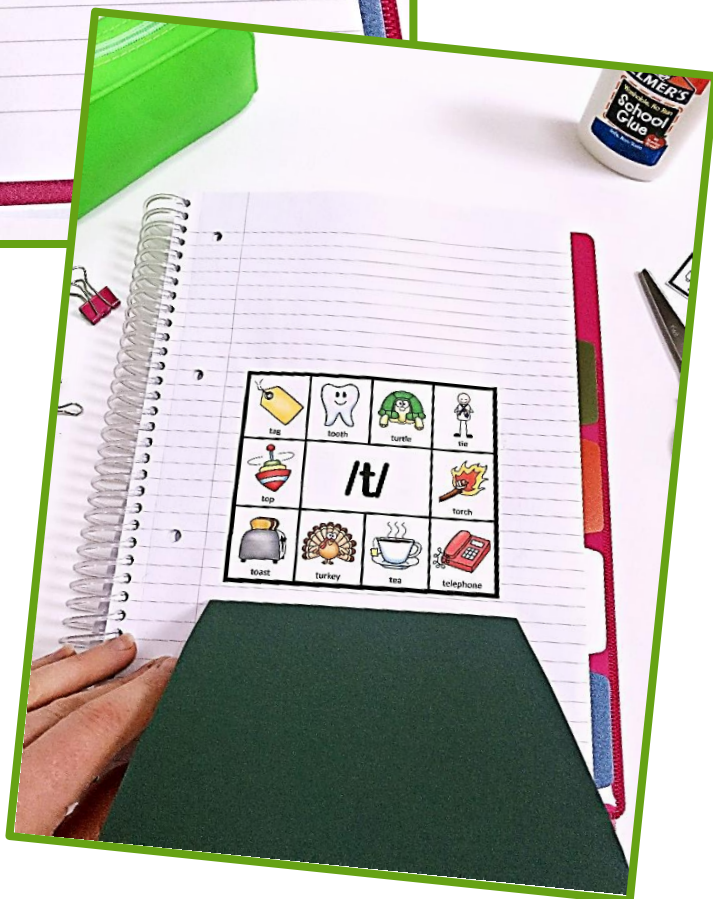

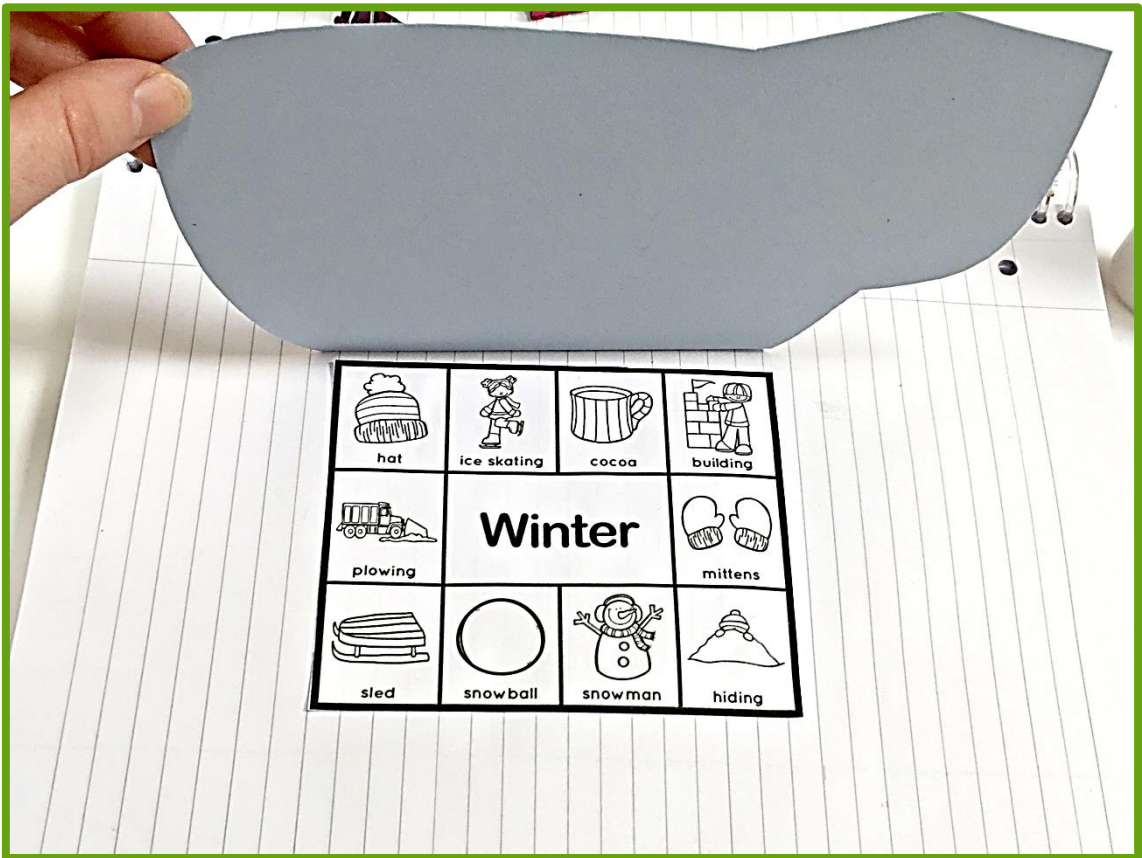

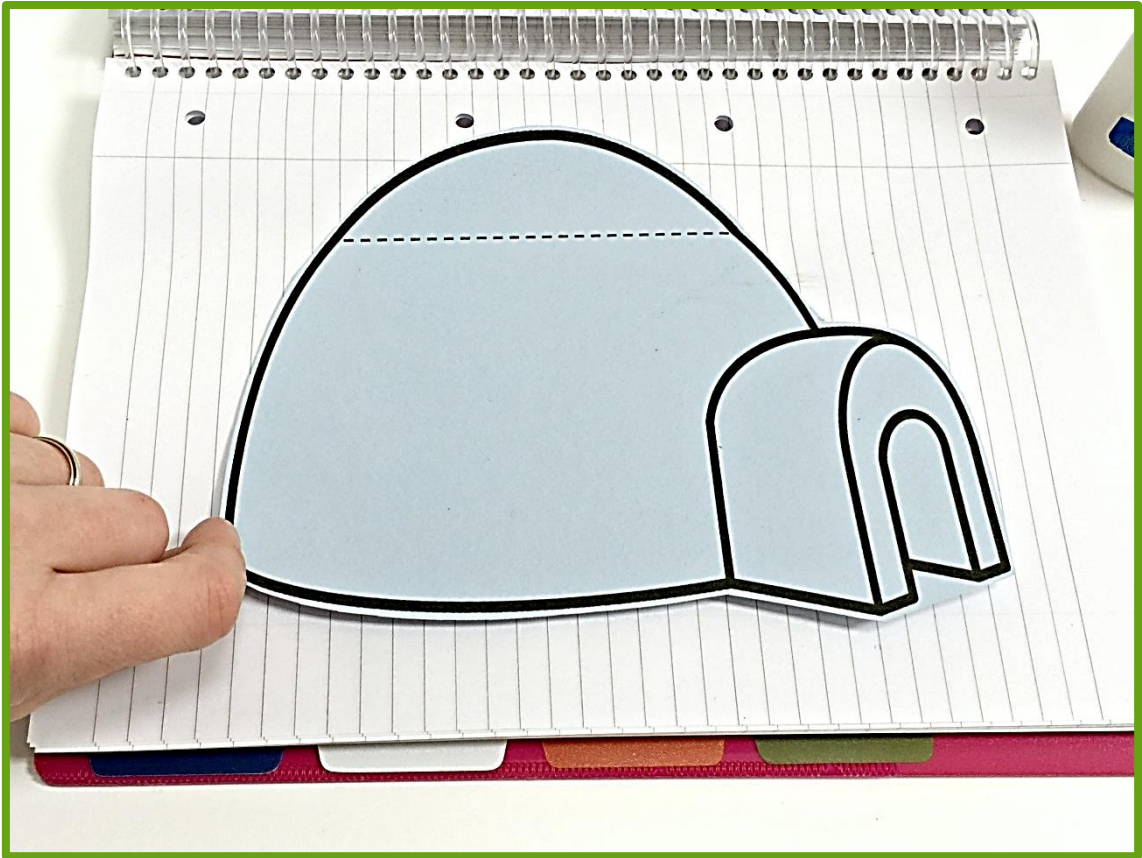

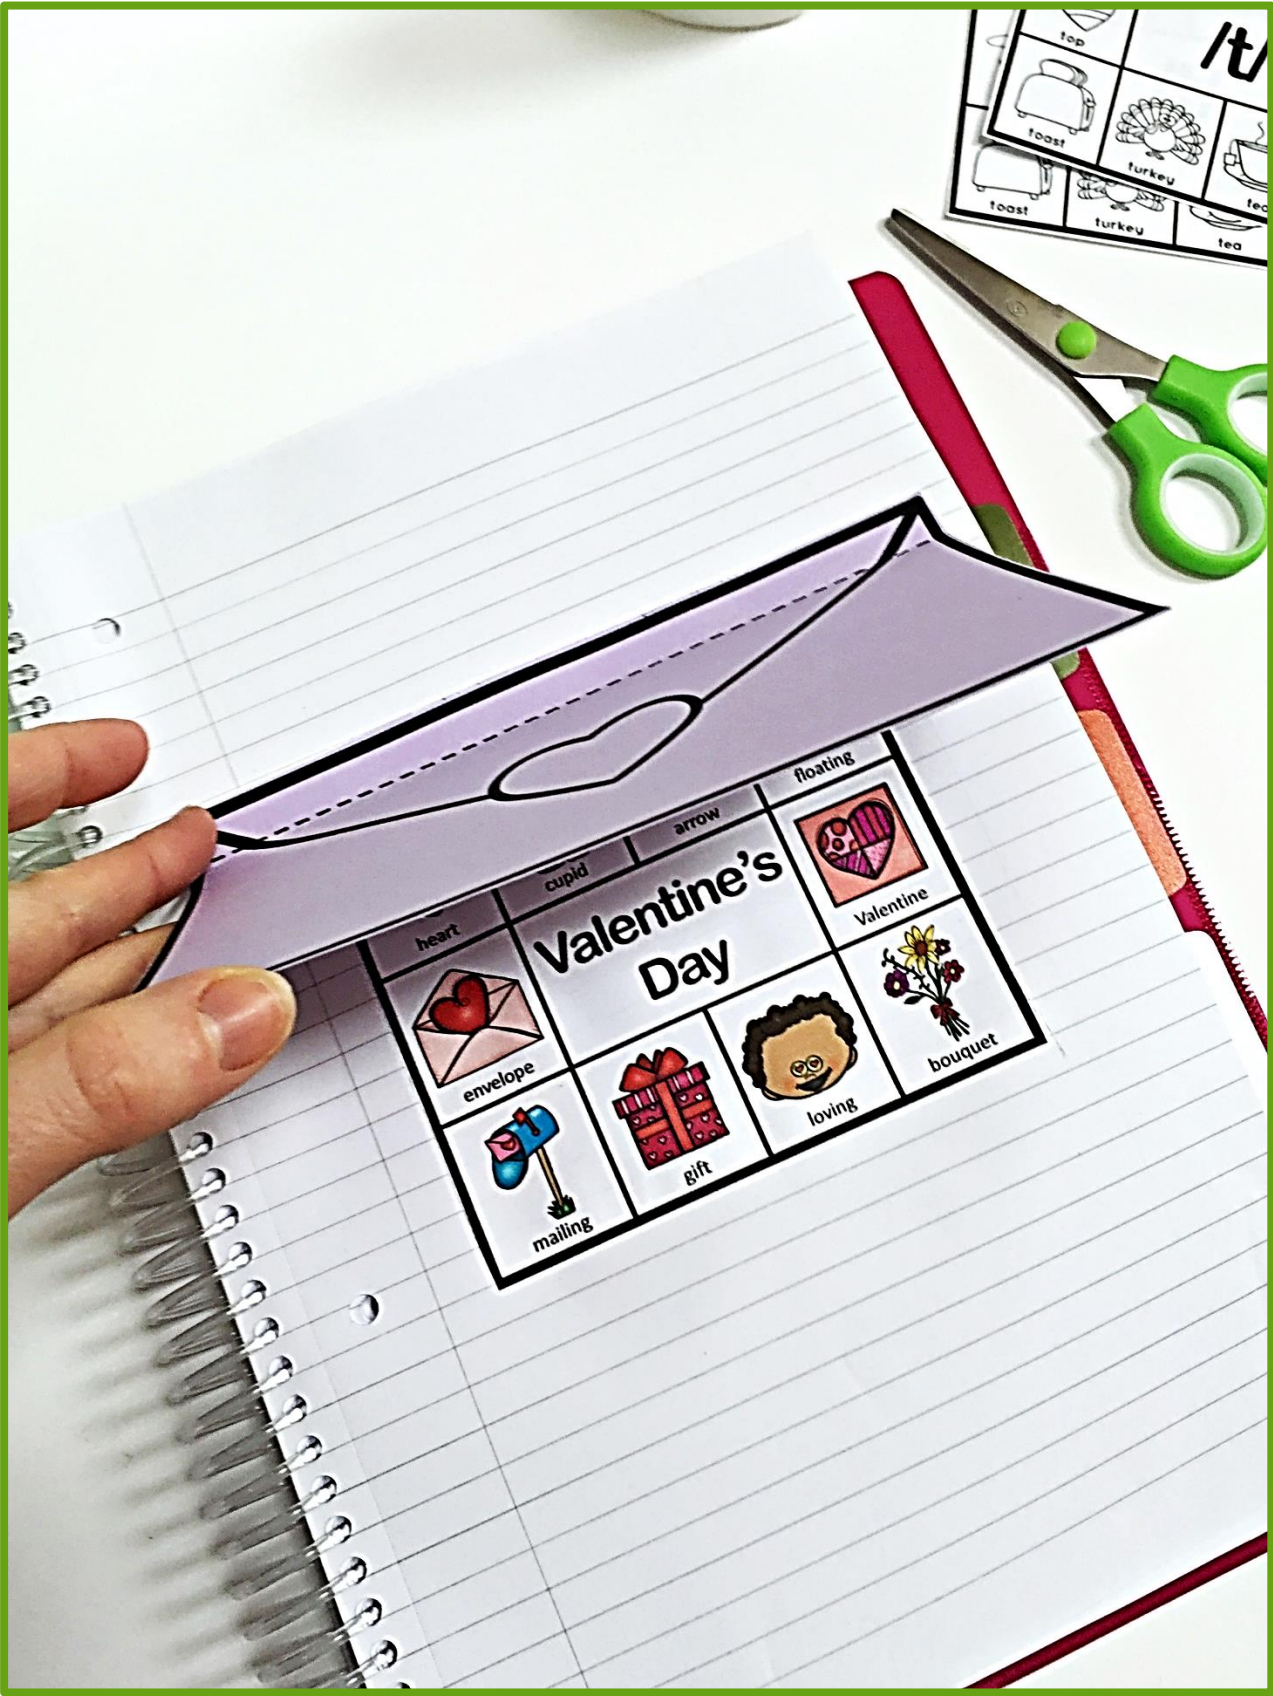

A green paper bag is being held open by a hand, revealing a grid of verb cards. The word "Verbs" is written in the center of the grid.
