

# In My School...

Sometimes, the first day of school can be daunting....especially for students that may struggle with communication. Help ease the stress with this fun notebook activity.

Print the school template onto cardstock for best results.

Cut along the solid line & help the student glue the template into their notebook.

Color & cut out the 8 images on the worksheet.

Talk about each image to familiarize your student with who or what they are....or where in the school they can be found.

This activity can be used with a wide array of students varying in age & capability.

- Use the provided images to glue under the flap.
- Draw your friends.
- Draw your teachers.
- Look around the room and find 3 things that begin with your target sound and draw them.
- Use the Back to School vocabulary grid.
