

What to Bring to Speech

This fun notebook activity allows you the opportunity to discuss what is acceptable to bring into the Speech room.

Print the backpack template onto cardstock for best results.

Cut along the solid line & help the student glue the template into their notebook.

Color & cut out the 8 images on the worksheet.

Talk about each item and have the student determine what they can bring with them to class.

The student can glue acceptable items & supplies under the backpack template.

If the item should be left at home, have them glue the image outside of the backpack.
