

Articulation flip books are included in both color and black line options.

Print, laminate, and cut the colored version for classroom use. Use the numbered guide to layer the pages of the book, choose from one of four adorable toppers, and staple it all together for articulation flip book fun!

CHOOSE A TOPPER

Assembly Instructions: Cut out each shape and layer the pages by their numbers with one being the first page you lay down, then two on top, etc. Add the character topper last and staple the book together. You can also glue the pages into a notebook in this same fashion.
