

Little Bo Peep

Little Bo has lost her ,

And doesn't know where to find them.

Leave them alone,

And they will come home,

Wagging their tails behind them.

Use the baseboard and the two cut out pictures to teach your students an awareness of the rhyming words in the verse. You can also use the written words without pictures. As an extension activity, students can make up "silly" rhymes by using alternative rhyming words from the cut out selection.
