[Jack and Jill](#)

[Humpty Dumpty](#)

[Itsy Bitsy Spider](#)

Each theme contain activities to teach rhyme, sequencing and vocabulary. Read on to learn more about each activity.

Notebooks for Speech Therapy

Vocabulary

Familiarize your students with new words from each rhyme with **8 Vocabulary Cards**. Color & blackline versions are available.

You can store the cards in your notebook with the provided pocket. Or laminate and secure them with a book ring for on-the-go-therapy.

Phonemic Awareness

- Teach each rhyme using a cute **Nursery Rhyme Poster**. You can print a color copy and laminate for classroom use. Or have your student color the blackline version for their own notebook.
- Reinforce learned vocabulary with a **Quick and Easy Syllable Activity** for notebooks.
- You will also find a **Nonsense Rhyme Activity** where students can replace the rhyming words to make up their own silly version of this popular Nursery Rhyme.

Sequencing

- Use the **Illustrated Worksheet and Sentence Strips** to teach sequencing. You may also choose to use this worksheet as a writing activity.

Language

Open Ended Teaching Scenes use language rich images that allow your students to act out the rhymes while learning. You will also find a fun coloring sheet that makes a great cover page for each rhyme.
