

The following templates can be used as simple lift-the-flap activities to practice single articulation sounds.

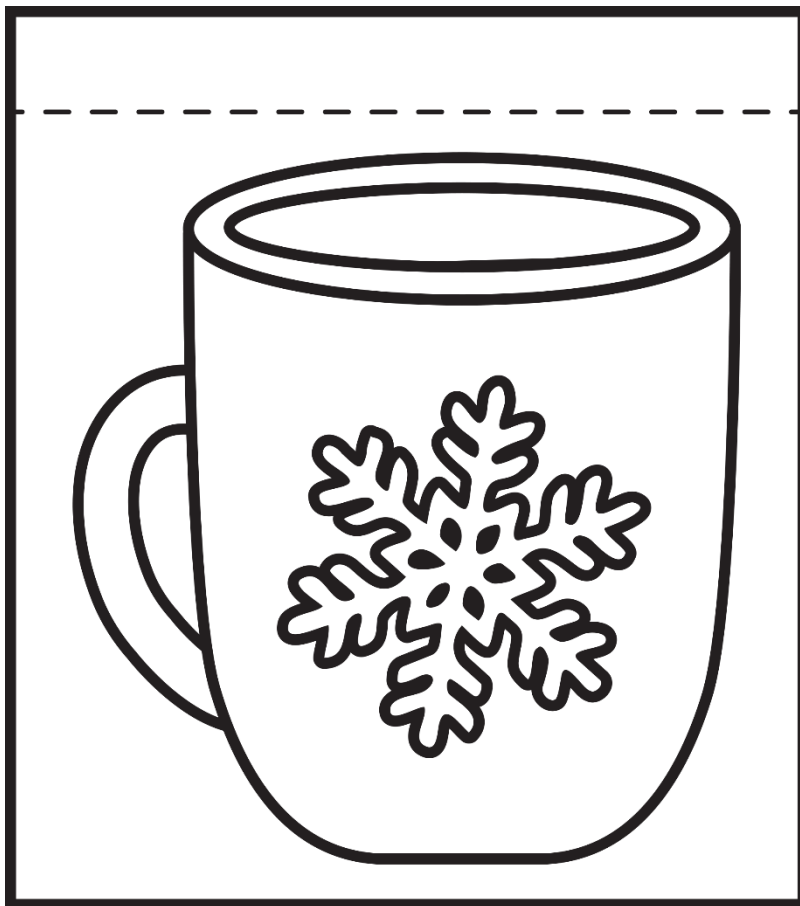

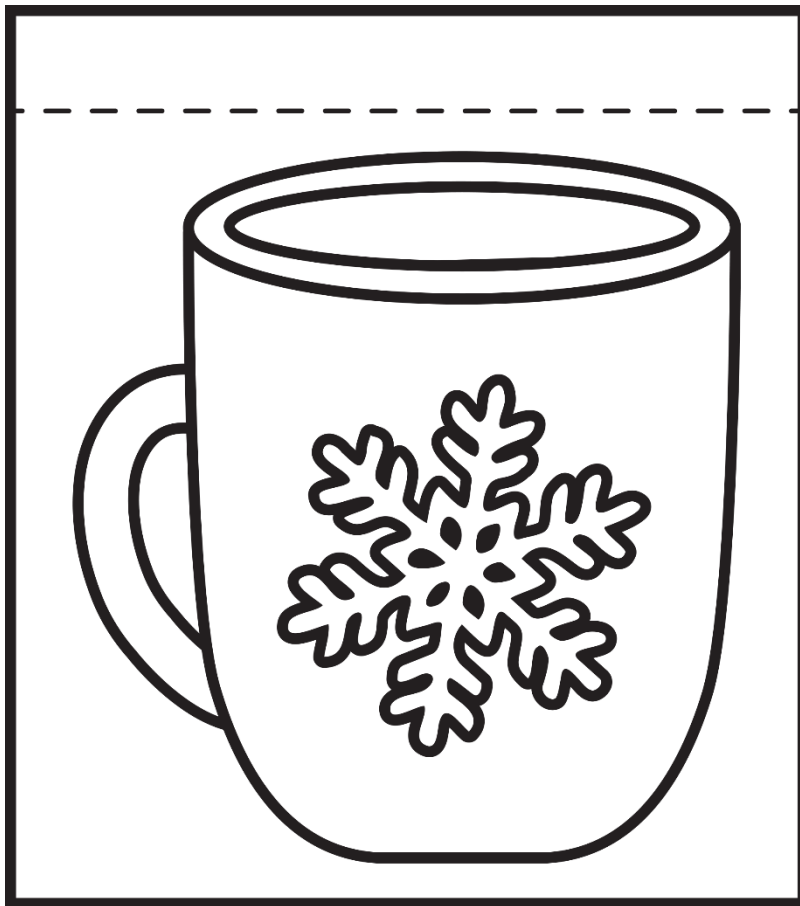

However, they will also work at the phrase level. i.e. "snowman under mug" or "The snowman is standing under the mug."

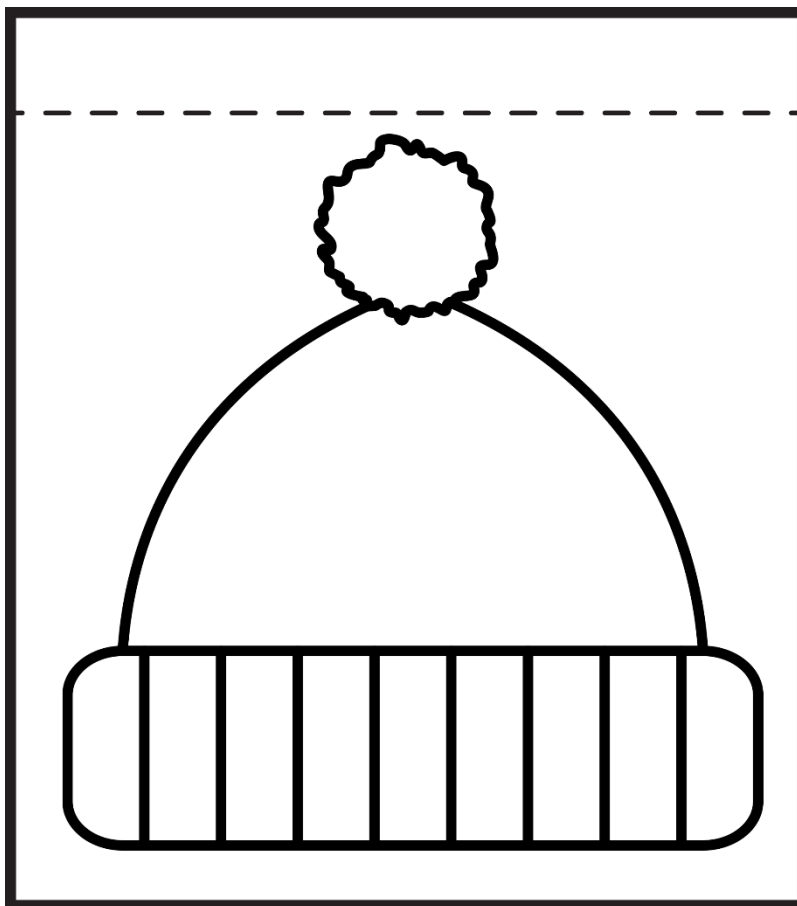

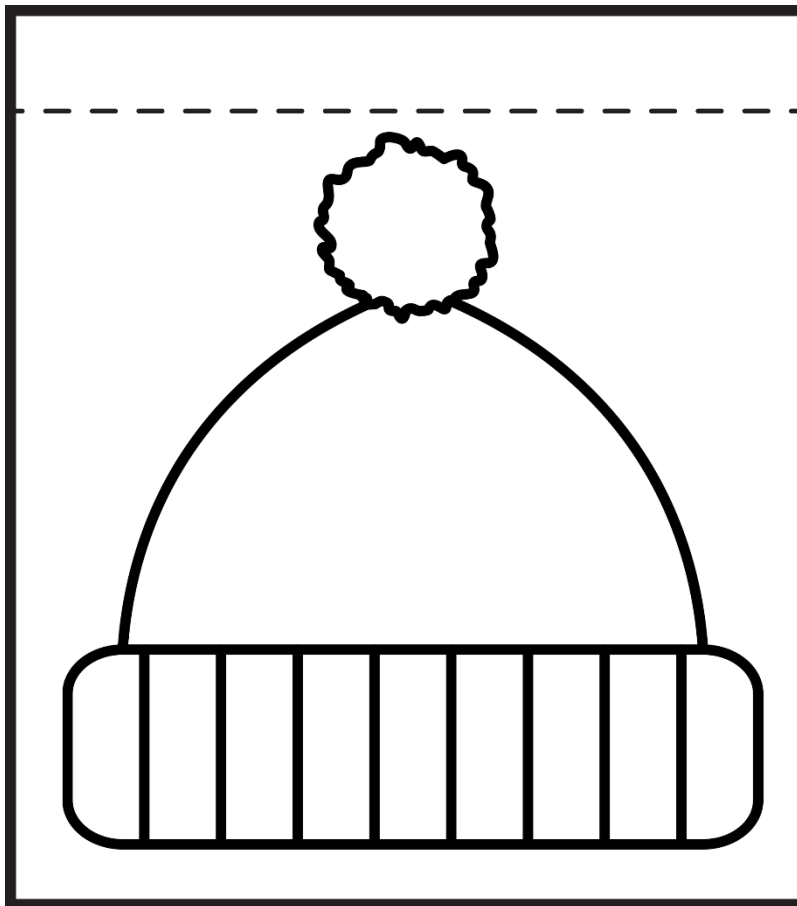

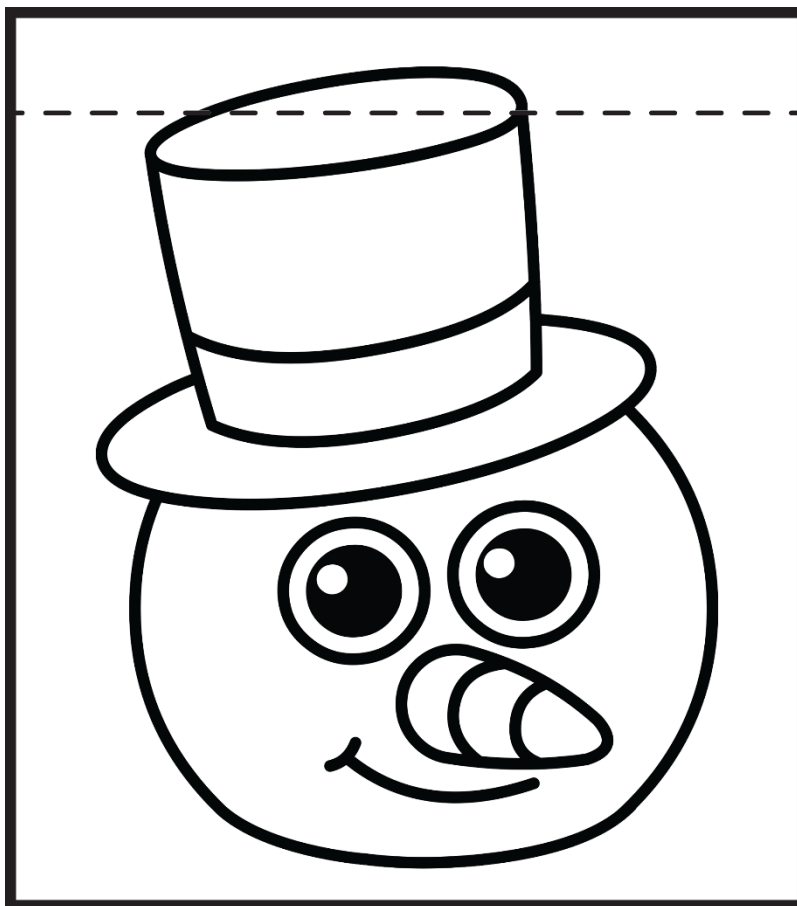

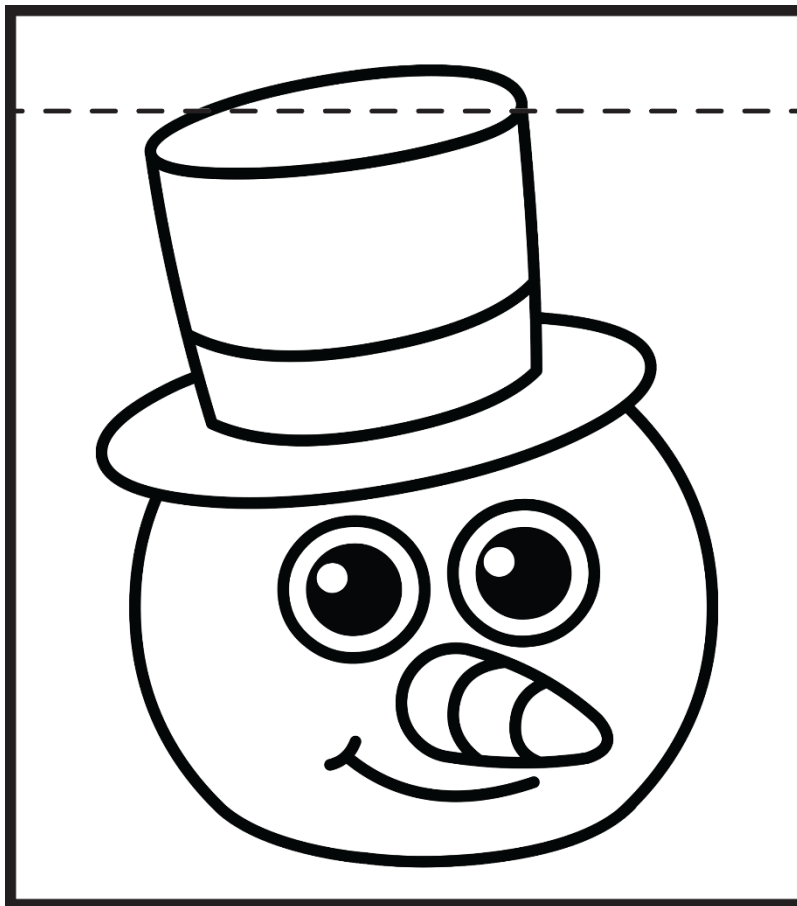

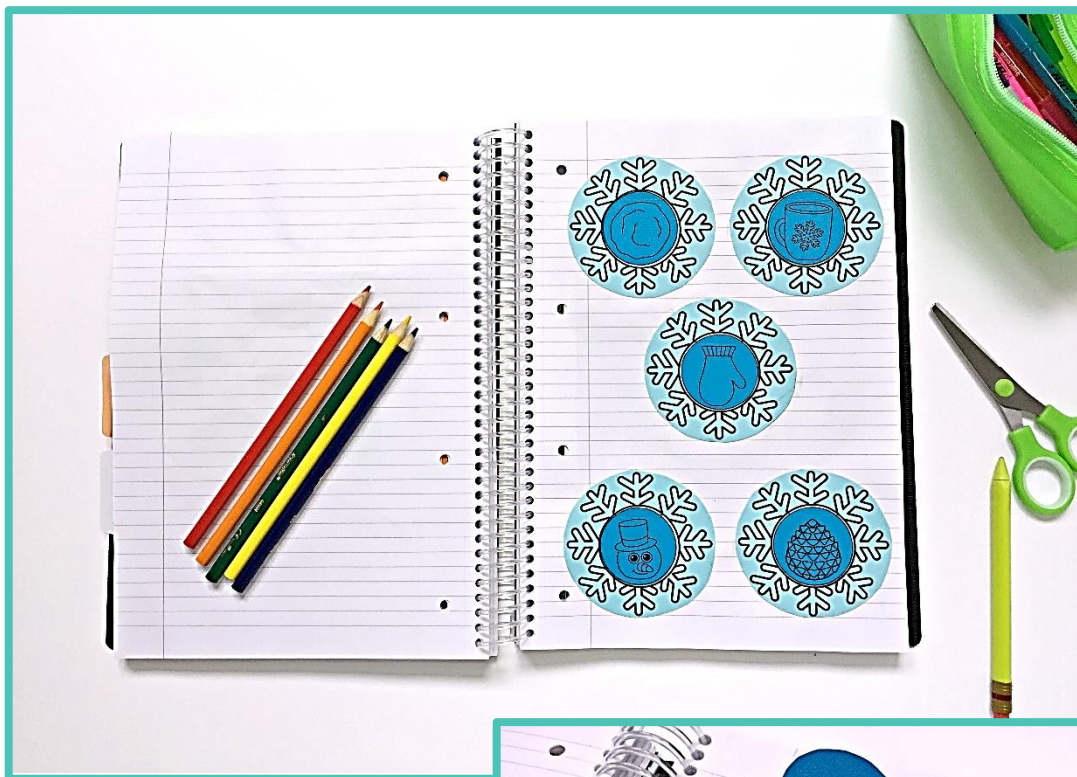

Print the following page on colorful cardstock.

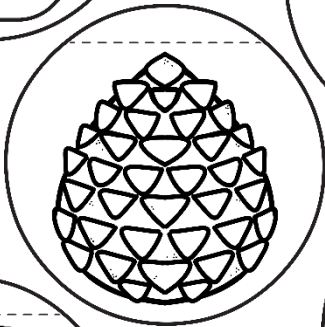

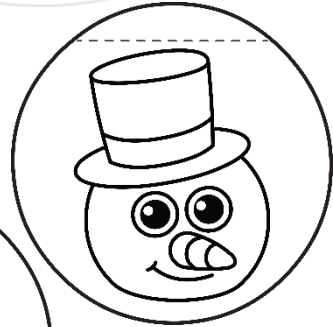

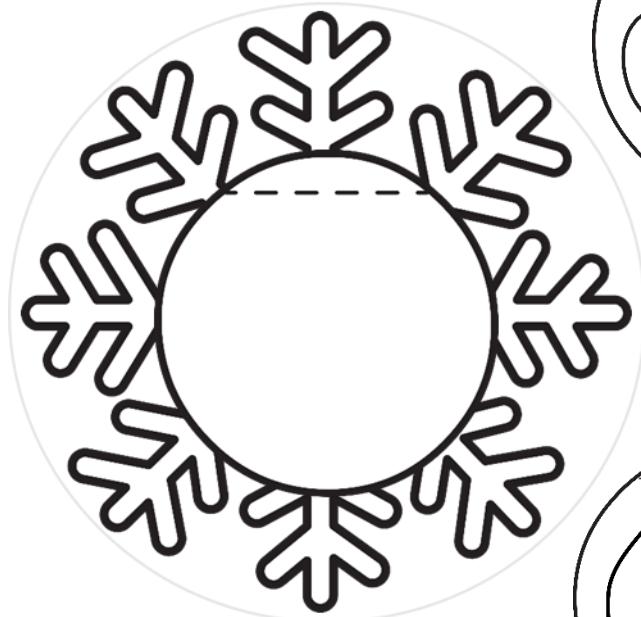

Glue the snowflakes flat into your notebook.

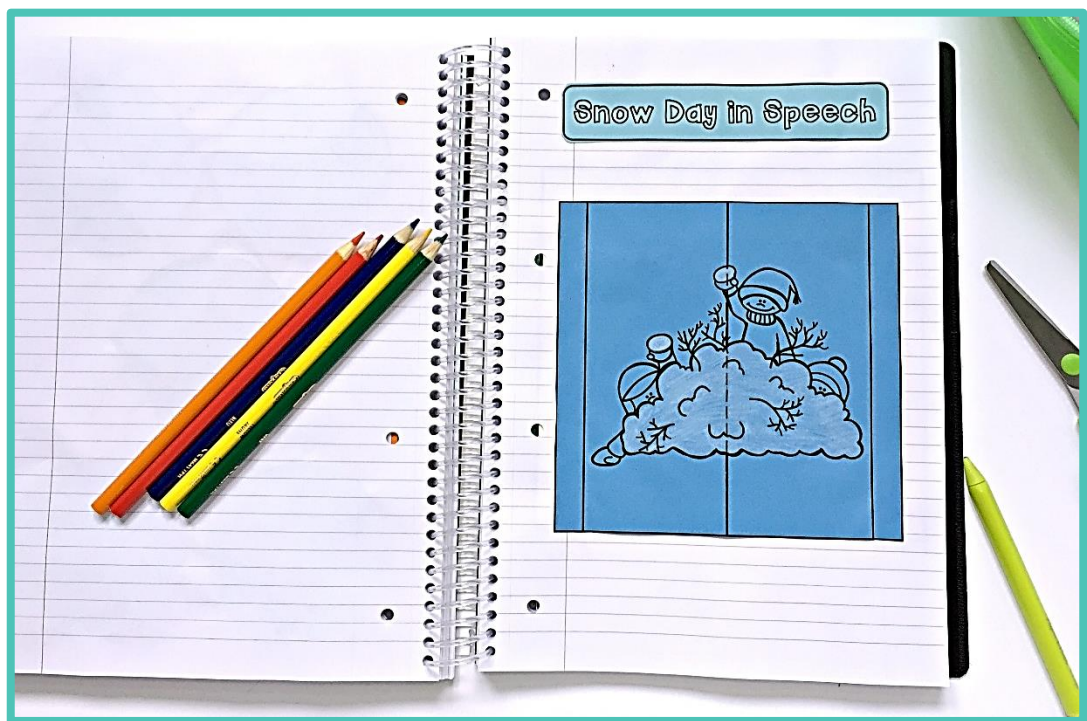

Fold at the dotted line on the circle templates to create a small flap.

With a tiny dab of glue attach one flap to each snowflake.

Now you're ready to practice!

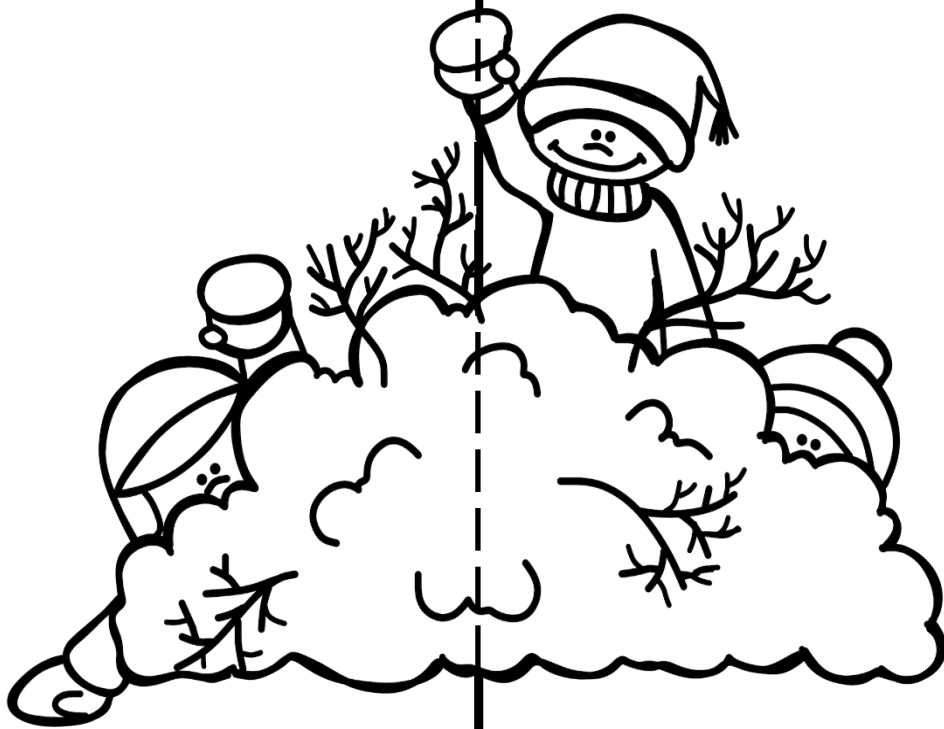

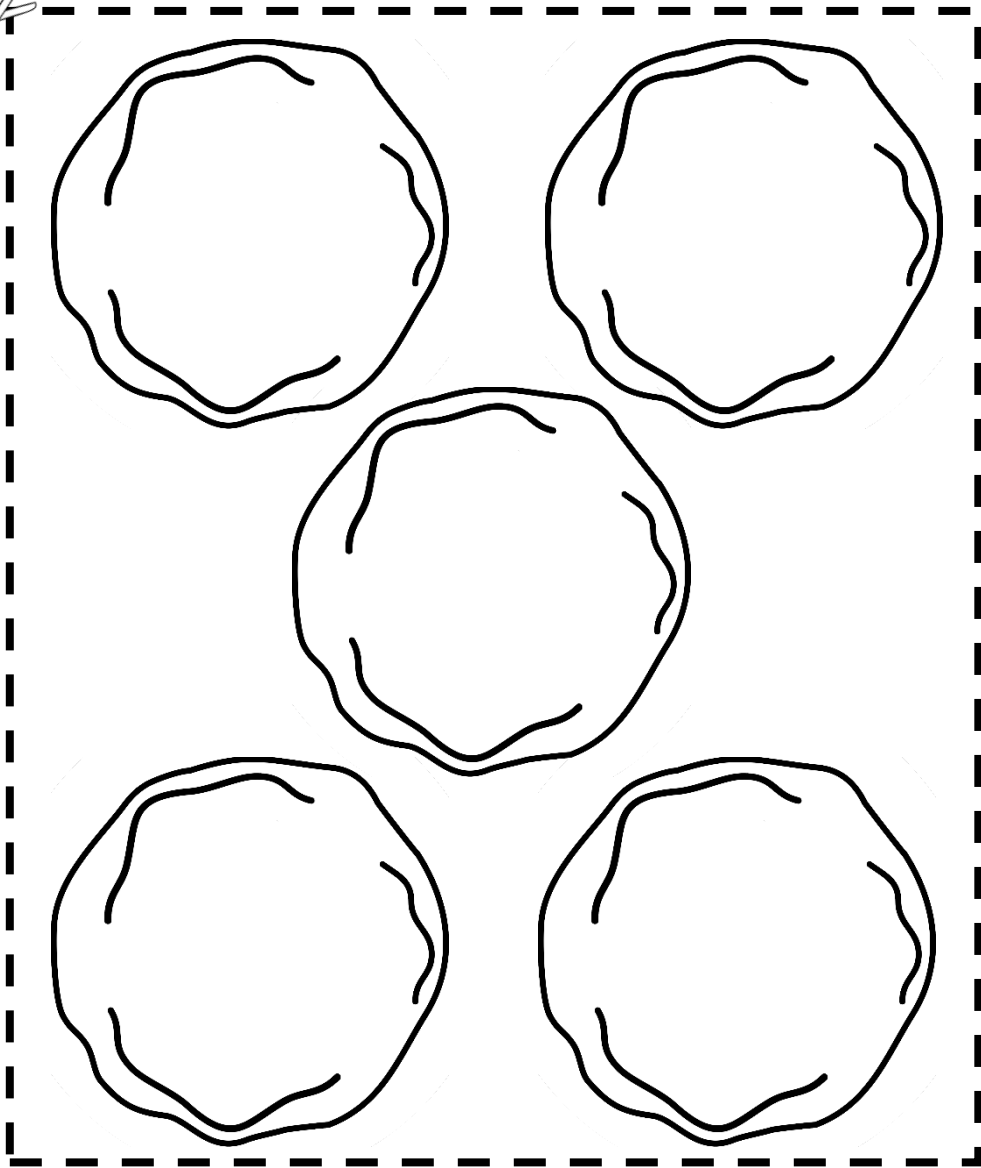

In this section you will find “double - door” flap templates. Make the cut up through the center of the image last, after it has been stuck into the notebook.
