

Mini Books

The mini book pages are included in color and black line options.

Make them up into a foldable using the instructions on the following pages.

There are also 2 alternative uses for the mini book page;

- 1) Cut the sections apart into 8 individual cards and punch in the corner. Place a book ring through the corner to keep them as a set and send for home practice.
- 2) Enlarge the sheet on your photocopier to double size. Cut the sections apart into 8 cards. Then display themed vocabulary on your word wall or display board.
