

# Robot Talk Board Game

Print a copy of the board game pictured on the next page. If you wish you can enlarge it through photocopying and laminate it if you intend to reuse it.

Use counters and dice or spinners from any board game set.

Place the robot cards face down beside the game board.

Explain that they are going to practice talking like a robot. To do this, they must break every word up into syllables e.g. "I am learn-ing to talk like a ro-bot."

Have players take turns to roll or spin and move around the board.

When they land on a picture they must draw a card and say the sentence. For non-readers you can read it for them.

Next, they should say the sentence in "robot talk".

A sheet of blank cards is included for you to write your own sentences if you wish.
